

Crash Games Terms and Conditions - Malawi

Introduction

- A Crash Game is a game that involves a multiplier increasing steadily until it simply stops or crashes. All of our Crash Games can be found on our website.
- The action of crashing can be symbolised by different elements that are defined in each Crash Game. A plane flying away, a car crashing, a meteorite exploding, a growing graph line, and other actions as per the game specifications.
- Betika has the following Crash Games under its product portfolio; Aviator & Comet Crash.
- Crash Games are multiplayer games where more than one player can play the same at the same time.
- All players playing Crash Games at the same time, will see the same results, wherever they are, provided that they are able to access our channels/platforms.
- In the event that a Customer is not registered or logged into their account, the Crash Games will be available only in the demo version.

How to Play

- Go to www.betika.com and select your preferred Crash Game.
- There are two ways of playing Crash Games, either manually or using auto mode.
- To begin playing, enter your selected stake amount and click 'BET'.
- The further the crash multiplier goes, the higher the multiplier.
- Click 'CASH OUT' before it reaches the crash point to win the game.
- If the game reaches the crash point before you cash out you will lose the game.
- More instructions on how to play can be found within the Crash Game.
- Each Crash Game has unique features that can be discovered when playing the game as well as the 'how to play' instructions within each Crash Game. Please check these instructions before playing.
